Commissioner for Patents

The paper filed on 06/21/03 electing claims 1-14 directed to a fuel cell having a specific electric current pattern is non-responsive. In this respect, it is noted that applicant did not make an election of species. Accordingly, claims 1-14 are drawn to the elected invention but the election of species presenting only claims readable on and/or drawn to any of the mutually exclusive species indicated in paper # 3 has not been made. It is also noted that claims 1-14 are not readable on a single species per se, thus, claims 1-14 appears to read on several distinct species.

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
